

SCI - POP at The Beacon Centre

Tuesday 14th April

Free drop in event 10am-4pm

think
physics

Looking for things to do in the Easter holidays? Pop in for science with Think Physics at The Beacon Centre, North Shields. Tuesday 14th April 10am-4pm.

Join us in the empty jewellers shop for exciting science-based craft activities and science demonstrations for all the family.

At 1pm, come and see our free Explore Your Universe family show. A 30 minute science spectacular for families with children between the ages of 8 and 13.
