

# Designing A World From Light

**Marzena Szymanska gives the 2017 Gareth Roberts Memorial Lecture**

Thursday 19 January 2017 - 7pm to 8pm

**We discuss how it is possible to engineer structures where photons are made to interact strongly leading to a unique possibility of creating objects from light.**

Bedson Building, Newcastle University, Newcastle - Room BED1.75  
For further information please contact [Facebook.com/IOPNorthEast](https://www.facebook.com/IOPNorthEast)

**A free lecture. Refreshments and buffet available from 6:30pm**
