

<p>Read “Are We Nearly There Yet?” then challenge the children in your setting to use the Duplo to design their own Mars rover and create the surface of Mars.</p>	
	<p>Are We Nearly There Yet? By NUSTEM's Dr Carol Davenport</p>
	<p>Duplo for building Mars rovers</p>
	<p>Cloth for the surface of Mars</p>
	<p>Duplo for creating Mars rocks</p>
	<p>Two large (1m) wooden rockets</p>
	<p>Wooden space toys</p>

	<p>Two moon mats</p>
	<p>Robots, Robots Everywhere by Sue Fliess. Find out more about different types of robots, including those that go into space.</p>
	<p>A story about Rocket, a space-obsessed girl who wants everybody to be as excited as her about an impending meteor shower.</p>
	<p>You could make a constellation tube and you can see the stars whenever you want to. All you need is a cardboard tube, a sharp pencil, scissors, glue and our constellation printout.</p>  <p>https://nustem.uk/activity/constellation-tubes/</p>
