

## Roma Agrawal (She/her)

Structural engineer, writer and broadcaster

***“I don’t think there are that many professions where you get that sense that you’ve made a thing that people are going to interact with, it’s extremely, extremely rewarding!”***

Roma **collaborated** with other engineers to ensure that the Shard (an iconic building in London) has solid foundations. She also writes engineering children’s books and has lived and worked abroad which made her **open-minded** and a **good communicator**.

Like Roma, I am:

**Collaborative**

**Open-minded**

**Communicator**
