

2016

**STEM** PERSON  
OF THE  
WEEK

**Nic Whitton**

**Professor of Digital Learning and Play**

Nic is interested in what makes people play video games and how games can be used to support learning. She is **imaginative** as she has to develop new ideas and possibilities. Nic enjoys creating and solving puzzles, like escape rooms, so she needs to be both **resilient** and **logical**.

**Imaginative**

**Resilient**

**Logical**
