

STEM PERSON
OF THE
STEM WEEK

Ruth Scott

Water Efficiency Analyst

Ruth is a Water Efficiency Analyst who is **passionate** about helping people to use less water. She has to be **imaginative** and **self-motivated** in her role to think of different ways to save water. Ruth is collaborative, working with others to come up with new ideas.

Imaginative

Collaborative

Self-motivated

This week's attributes:

Imaginative

If you are imaginative, you can think of new and interesting ideas.

Collaborative

Collaborative people work together to do things.

Self-motivated

Self-motivated people like to do things for themselves without being told how to do them.
