

Seasons Come, Seasons Go, Tree by Britta Teckentrup

These STEM focussed questions are designed to use alongside the questions you would usually ask when reading a story.

Before you start reading, you could ask:

- Do you have a tree at home?
- Do we have any trees at school?
- Can you name the parts of a tree?
- What do you think a season is?
- Do you know the names of the four seasons?

While reading the story, you could ask:

Pages 1 and 2

- Which season is it in this picture? How can you tell?
- What is the weather like?
- Can you see any leaves on the tree? Why not?
- Which animal can you see in this picture?
- Why do you think it is in the tree?

Pages 3 and 4

- Which season is it in this picture? How can you tell?
- What is the weather like?
- What is happening to the snow?
- Can you see any leaves on the tree? Why not?
- Which animal can you see in this picture?
- Where do you think they have come from?

Pages 5 and 6

- What can you see on the trees now?
- Are there any more animals?
- What is the weather like?
- Where has the snow gone?

Pages 7 and 8:

- Have the trees changed again? How?
- Has anything else changed?
- What is in the nest?

Pages 9 and 10

- Which season is it in this picture? How can you tell?
- What is the weather like?
- What can you see on the trees now?
- Can you see any more animals?
- Where have the eggs gone from the nest?

Pages 11 and 12

- What time of day do you think it is?
- What are the different animals doing?

Pages 13 and 14

- Have the trees changed again? How?

Pages 15 and 16

- Which season is it in this picture? How can you tell?
- What do you think the squirrels are doing?

Pages 17 and 18

- What is the weather like in the picture?
- Which season do you think it is now?
- Have any animals gone? Where do you think they could be?

Pages 19 and 20

- Can you describe the tree?

Pages 21 and 22

- Which season do you think it will be next?
- What do you think will the tree be like?
- Which animals do you think will appear?

Pages 23 and 24

- Do you think we have the same seasons every year?
- Which season are we in now? How can you tell?
